CONCEPT

International Business Forum "Danube Synergy"
Odessa Region, 31st October 2013 – 1st November 2013

An increase in cooperation between business circles, government bodies and the public of the Danube countries and other states has to contribute to economic potential realization, environmental safety improvement and raising of social standards of living within the Danube region.

Within the framework of 2013 International Business Forum the following priority spheres of cooperation development and economic integration will be discussed:

- The transition from “trade and sales” to “production and investment” foreign economic relations based at the development and implementation of joint investment projects;
- The resources supply for the development of transport and logistics infrastructure as key factors in the economy revitalization within the Lower Danube Region;
- The use of the Territories of Priority Development (TPD) creation mechanisms aimed at business activities promotion in the separate regions;
- Economic co-operation within the framework of cross-border structures.

The Forum participants will receive a unique opportunity to develop and expand cooperation with the representatives of the countries of the Danube region and become acquainted with the business management and investments attraction features in the EU internal market. Furthermore, it is expected to focus on the development of cross-border economic cooperation.

The Forum will promote investment development within the Lower Danube Region, establishment of direct dialogue between the business community and the regional authorities of different countries.

Working languages – Russian, English.
